DETAILED ACTION

Specification

1. The disclosure is objected to because of the following informalities:

On page 2, line 25, "3A-3D" should be "3a-3d" since the letters in the figures are not capitalized but are instead lower case. On page 4, line 9, "3D" should again be "3d".

Appropriate correction is required.

Claim Objections

2. The claims are objected to because they include reference characters which are not enclosed within parentheses.

Reference characters corresponding to elements recited in the detailed description of the drawings and used in conjunction with the recitation of the same element or group of elements in the claims should be enclosed within parentheses so as to avoid confusion with other numbers or characters which may appear in the claims. See MPEP § 608.01(m).

3. Claim 1 is objected to because of the following informalities: on line 10, "articulating" should apparently be "articulation". Appropriate correction is required.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

Art Unit: 3612

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites the limitation "the seating assembly" in line 4. There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

6. Claims 9-21 are allowed.

7. Claims 1-8 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Conclusion

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The cited references show other seating assemblies similar to that of the current invention.

9. Any inquiry concerning this communication from the examiner should be directed to Hilary L. Gutman whose telephone number is (703) 305-0496.
